Global and Statewide Campuses and Statewide Sites

BREMERTON

Murari Kejariwal, Clinical Associate Professor and Program Coordinator, Electrical Engineering
1600 Chester Avenue
Bremerton, WA 98337
360-475-7543
murari.kejariwal@wsu.edu
https://mme.wsu.edu/undergraduate/mechanical-engineering/bremerton/

Washington State University's School of Mechanical and Materials Engineering offers a Bachelor of Science in Mechanical Engineering program in Bremerton, Washington. The majority of courses at the Bremerton site are taught by full-time resident faculty in Bremerton. Adjunct faculty also enhance the educational opportunities for the students. Courses at the Bremerton campus are a combination of those provided by local faculty and those delivered from other campuses. Students are advised by WSU faculty and staff who are resident in Bremerton.

The WSU BSEE degree program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

Marvin Pitts, Clinical Professor and Program Coordinator, Mechanical Engineering
1600 Chester Avenue
Bremerton, WA 98337
360-475-7543
pitts@wsu.edu
https://mme.wsu.edu/undergraduate/mechanical-engineering/bremerton/

Washington State University's School of Mechanical and Materials Engineering offers a Bachelor of Science in Chemical Engineering program in Bremerton, Washington. The majority of courses at the Bremerton site are taught by full-time resident faculty in Bremerton. Adjunct and visiting faculty also enhance the educational opportunities for the students. Courses at the Bremerton campus are a combination of those provided by local faculty and those delivered from other campuses. Students are advised by WSU faculty and staff who are resident in Bremerton.

The WSU BMES degree program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

Degrees Offered at Bremerton

Undergraduate Degrees
Electrical Engineering, BS
Mechanical Engineering, BS

EVERETT CAMPUS

Paul Pitre, Chancellor
915 N. Broadway
Everett, WA 98201
425-405-1600
https://everett.wsu.edu

Washington State University Everett is student- and community-centered, bringing industry-aligned undergraduate programs with an interdisciplinary focus to the North Puget Sound region to prepare students to compete globally in the local economy. We bring WSU's world-class academics to students in small class sizes and with hands-on opportunities. WSU currently offers seven high-demand bachelor's degrees in Everett, Washington. Students can fulfill the general education requirements by taking their first two years of courses at any community college, and then finish their degree by enrolling at WSU Everett for their junior and senior years. Students learn from WSU professors in person and take online courses through WSU's nationally ranked Global Campus. When they graduate, students have all the advantages a Washington State University degree confers—closer to home.

Degrees and Certificates Offered at WSU Everett

None of the diplomas earned at any of the WSU campuses are campus specific - they are Washington State University degrees. Students who earn a degree at WSU Everett will be taught identical curriculum by research-active faculty. Students have the opportunity to pursue additional majors and/or minors in any of the fields of study available at WSU Everett.

Undergraduate Degrees
Agricultural Food Systems, BS
(Major: Organic and Sustainable Agriculture)

Data Analytics, BS
(Options: Actuarial Science; and Business)

Electrical Engineering, BS

Hospitality Business Management, BA
(Majors: Hospitality Business Management; and Senior Living Management)

Mechanical Engineering, BS

Software Engineering, BS

Strategic Communication, BA
(Major: Integrated Strategic Communication)

Undergraduate Certificates
Sustainable Organizational Leadership

Graduate Certificates
Bioinformatics

Campus and Student Life

WSU Everett is an intimate campus with numerous advantages. Small class sizes and cohort-based programs give students the opportunity to form a strong support system and build lifelong friendships with other students and the instructors. There are many opportunities for students to participate in cross-disciplinary, industry projects, which include local businesses assisting students in developing a network for future employment opportunities. WSU Everett currently has six clubs, many activities and campus events for students to participate in throughout the year.

Located on the Everett Community College campus, students have easy access to a local gym and libraries, study areas, engineering laboratories and computer labs. WSU Everett's new 95,000 square foot facility now offers state-of-the-art classrooms, computer labs, engineering laboratories, student collaboration areas, study areas, a coffee shop, fully accessible staff to assist in all academic areas of need and a tutoring center.

The city of Everett offers a wide variety of restaurants, community events, sporting events, a beautiful view of Puget Sound and the Everett marina, and easy access to Seattle and Canada by being situated directly off I-5. Snohomish County offers sports programs, hiking, camping, boating, fishing, art shows, county fairs, museums, shopping and a rich history found in every city.

Industry-Aligned Programs

WSU's campus in Everett is about more than higher education – it will help address the region's most pressing economic challenges as we compete in a worldwide marketplace. Local businesses, large and small, rely on an economic infrastructure of industrial, commercial and professional services. Those businesses need a talented, well-trained workforce to thrive and expand. As such, WSU has close ties to employers in the region to better facilitate internships and local employment for our students after graduation.
GLOBAL CAMPUS

David Gillay, Vice President and Global Campus Chancellor
Academic Outreach and Innovation
106 Van Doren Hall
Pullman, WA 99164-5210
800-222-4978 / 509-335-3557
https://online.wsu.edu

WSU Global Campus extends the land-grant mission of the University by serving residents of Washington and citizens of the world who require the flexibility of online higher education coupled with the rigor of a top research institution. WSU Global Campus works in collaboration with WSU academic departments to offer bachelor's and master's degrees and undergraduate and graduate certificates completely online.

Degrees and Certificates Offered through WSU Global Campus

A degree earned at WSU Global Campus is the same as a degree earned on a WSU physical campus. WSU faculty teach online courses and WSU staff provide academic advising, career counseling, and other student support services. Global Campus students can also take advantage of online tutoring and WSU library services.

Undergraduate Degrees

Anthropology, BA
Biology, BS
(Option: General)
Business Administration, BA
(Majors available: Accounting; Management; Management Information Systems; Marketing)
Criminal Justice and Criminology, BA
Data Analytics, BS
(Options available: Actuarial Science; Business)
Earth and Environmental Science, BS
(Major: Environmental and Ecosystem Sciences)
Economic Sciences, BS
(Option: Business Economics)
English, BA
(Option: Rhetoric and Professional Writing)
History, BA
Hospitality Business Management, BA
(Majors: Hospitality Business Management; and Senior Living Management)
Human Development, BA
Humanities, BA
Political Science, BA
Psychology, BS
Social Sciences, BA
Sociology, BA
Strategic Communication, BA
(Major: Integrated Strategic Communication)

Graduate Degrees

Agriculture, MS
Education:
(Specializations: Special Education, EdM, MA; and Sport Management, MA)
Electrical Power Engineering, PSM
Engineering and Technology Management, METM
Health Communication and Promotion, MA
Music, MA
Molecular Biosciences, PSM
Software Engineering, MS
Strategic Communication, MA

Professional Degrees and Certificates

Business Administration, MBA
Finance Certificate
General Business Administration Certificate
Hospitality and Tourism Certificate

International Business Certificate
Marketing Certificate

Undergraduate Certificates

American Indian Studies
Core Competencies in Spanish Language and Culture
Early Childhood Education
Family Studies
Gerontology
Global Leadership
Human Services Case Management and Administration
Organic Agriculture
Professional Science and Technology Writing
Professional Writing
Sustainable Organizational Leadership

Graduate Certificates

Bioethics
C-NSPIRE: Carbon and Nitrogen Systems Policy Oriented Integrate Research and Education
Constraints Management
Health Communication and Promotion
Manufacturing Leadership
Professional Molecular Science
Project Management
Six Sigma Quality Management
Strategic Communication
Supply Chain Management
Sustainable Agriculture
Systems Engineering Management

Student Life

Students attending WSU Global Campus can engage in activities and events similar to those enjoyed by on-campus students, including virtual career events, academic showcases, art exhibitions, musical performances, common reading programs, and webinars featuring content experts from WSU and industry. The Global Campus student government hosts face-to-face events around the state and graduation celebrations in Pullman and the Seattle area. Students also have access to free e-Tutoring, virtual mentors, personal academic advisors and an online exam proctoring service.

Global Campus is one of four units of WSU Academic Outreach and Innovation (AOI) that works to research, identify and implement innovations that improve access to higher education, enhance faculty engagement in teaching, and facilitate student success. The other AOI units include, Learn 365, Professional Education, and Learning Innovations.

SPOKANE CAMPUS

Daryll DeWald, Vice President for Health Sciences and Chancellor
WSU Spokane
412 E Spokane Falls Blvd.
Spokane, WA 99202
509-358-7978
https://spokane.wsu.edu

As Washington State University's health sciences campus, WSU Spokane prepares future healthcare professionals and engages in world-class research that leads to healthier people and communities. WSU Spokane offers graduate and baccalaureate completion programs and advanced professional studies in a variety of disciplines, with a strong focus on the health sciences and professions.

The campus is home to three of the 11 WSU colleges: the Elson S Floyd College of Medicine, the College of Nursing, and the College of Pharmacy and Pharmaceutical Sciences.

The relatively new College of Medicine encompasses medical education and biomedical research. From 2008-2015, WSU Spokane educated first-year medical students as part of the WWAMI program, a partnership between universities and governments of the five participating states (Washington, Wyoming, Alaska, Montana, and Idaho) to make medical education accessible to Northwest students. In the spring 2015, WSU Spokane began pursuing the establishment of a WSU Medical school. In fall 2017, the Elson S. Floyd College of Medicine (ESFCOM) welcomed its first class of medical students.
ESFCOM also houses the department of Speech and Hearing Sciences, which offers programs leading to a Bachelor of Arts in Speech and Hearing Sciences and a Master of Science in Speech and Hearing Sciences in speech-language pathology. Training in speech and hearing sciences through the bachelor's level degree is considered a pre-professional degree. State and national clinical and educational certifications require completion of the master's degree. Graduate students are prepared as speech-language pathologists to provide direct and consultative services in educational and medical settings. The department of Nutrition and Exercise Physiology is also housed in ESFCOM, and offers a bachelor's in Nutrition and Exercise Physiology, an MS Coordinated Program in Dietetics, Nutrition and Exercise Physiology, an MS in Nutrition and Exercise Physiology, and a PhD in Nutrition and Exercise Physiology. Students in this dynamic setting are immersed in biological studies of the human body along with relevant social and psychological sciences. Classroom and practical experiences prepare students for careers in healthcare, including exercise physiology, dietetics, public health, research, and academia.

The WSU College of Nursing educates more than 900 upper-division undergraduate and graduate-level nursing students each year across its five sites statewide. The college graduates the most bachelor-prepared nurses in the state through its bachelor of science in nursing (BSN) program and its RN to BSN program for licensed registered nurses. The college also offers graduate programs that prepare nurses to become advanced practitioners and nurse educators, leaders, and scholars. These include the master of nursing (MN), doctor of nursing practice (DNP), and PhD programs.

The WSU College of Pharmacy and Pharmaceutical Sciences offers a four-year doctor of pharmacy (PharmD) professional degree program. Students in this program train to provide patient-centered care as part of the integrated health care team. In addition, the PharmD program is offered at a site in Yakima and has been enrolling students there since Fall of 2015. The College also offers a PhD in pharmaceutical sciences where students will interact face-to-face with research faculty and students in pharmacy, medicine, nursing, and other health sciences, and have the opportunity to learn from preeminent researchers who are world-renowned experts in their field.

Also offered in Spokane is a master's degree in education with a focus on educational leadership. The education degrees include master's, doctoral, and certificate programs for aspiring principals, program administrators, and superintendents, as well as a Master of Teaching program.

Co-sponsored by WSU Health Sciences Spokane and Eastern Washington University, the Spokane MESA Center provide a career connected learning program that focuses on supporting students from underrepresented populations moving into STEM career pathways. It works during the academic year with high school and middle school teachers to enhance their students’ education with curriculum-aligned field trips, guest speakers, competitions and hands-on activities, as well as college preparation support services. MESA partner teachers are also offered professional development regarding project-based learning in STEM. The overall goal of Spokane MESA programming is to improve the diversity and retention of students traditionally underrepresented in sciences, technology, engineering and math (STEM) fields. Established in 2004, the Upward Bound program at WSU Health Sciences Spokane is designed for students in grades 9-12 at these three high schools: Columbia, Mary Walker, and Wellpinit. The program helps students gain the academic skills and motivation they need for success in high school, college, and everyday life by providing support during the academic year, followed by a four-week summer residential program.

Degrees and Certificates Offered at WSU Spokane

**Undergraduate Degrees**
- Interior Design, BA
- Nursing, BSN, RN-BSN
- Nutrition and Exercise Physiology, BS
- Speech and Hearing Sciences, BA

**Graduate Degrees**
- Coordinated Program in Dietetics, Nutrition, and Exercise Physiology, MS
- Criminal Justice and Criminology, MA
- Education:
  - Specializations: Curriculum and Instruction, EdM, MA; Educational Leadership, EdD, EdM, MA; Special Education, EdM; and Teaching, Elementary or Secondary, MFT
- Health Policy and Administration, MHPA
- Nursing:
  - (Specializations: Advanced Population Health, DNP, MN)
- Nutrition and Exercise Physiology, MS, PhD
- Pharmaceutical Sciences, MS, PhD
- Prevention Science, MS, PhD
- Speech and Hearing Sciences, MS

**Professional Degrees and Certificates**
- Doctor of Medicine, MD
- Doctor of Pharmacy, PharmD
- Healthcare Leadership Certificate

**Undergraduate Certificates**
- Sustainable Organizational Leadership

**Graduate Certificates**
- Bioinformatics
- C-NSPIRE: Carbon and Nitrogen Systems Policy Oriented Integrative Research and Education
- Nursing:
  - (Family Nurse Practitioner; Nurse Educator; Nursing Leadership; Psychiatric Mental Health Nurse Practitioner; and Public Health)

**Learning Opportunities**

Health sciences students at WSU Spokane are encouraged to adopt a team-based approach to health care. They are given opportunities to learn side by side with students from other health disciplines. This includes health fairs with health screenings and other community service opportunities, as well as the annual interprofessional Health Care Team Challenge, an event in which teams of future health professionals compete to develop the best care plan for patient volunteers.

Students can take advantage of a wide variety of clinical placements and internship options through campus partnerships with the health care community in the Spokane area. These options were expanded with the opening in August 2016 of an on-campus community healthcare clinic that is providing a rotation site for students to hone their skills in an interdisciplinary setting. Care in the clinic is led by medical residents under the direction of practicing physicians.

Students also enjoy opportunities to participate in the laboratory and clinical research conducted at WSU Spokane in the areas of sleep, neuroscience, genetics, pharmacology, addictions, diabetes, other chronic diseases, cancer, community population health, and others.

**Campus Resources**

WSU Spokane's 50-acre campus in the University District is close to the downtown core and bordered by the scenic Spokane River and Centennial Trail.

The growing campus was established in 1989 and features seven new modern buildings that house state-of-the-art classrooms, labs, and clinics as well as additional remodeled and existing facilities. The newest campus building is the Spokane Teaching Health Clinic, which opened in August 2016 with faculty and students from all disciplines working together with an underserved patient population whose primary care providers are medical residents.

**Student Life**

Students at WSU Spokane range from full-time, traditional students to working adults balancing family responsibilities and community involvement with their studies. Close to 1,700 students from across the nation and around the world choose WSU Spokane as their destination. The Associated Students of Washington State University Health Sciences (ASWSUHS), Student Entertainment Board (SEB), Diversity Center, Community Engagement, and many student clubs provide leadership and service opportunities. ASWSUHS and SEB, in particular, offer a variety of activities and programs to encourage social interaction and create a sense of connection to the city, such as discounted tickets to concerts and sporting events, fitness memberships, tailgates and BBQs, ski trips, a fitness center, and other recreational outings. They also sponsor a program that provides students with free transportation on Spokane Transit Authority's bus system.
Student Support Services
WSU Spokane Student Affairs staff members inspire student growth through education beyond the classrooms and enhance the students' experience by providing assistance with a variety of needs, including personal and crisis counseling, tutoring, writing and learning support, international and veteran student services, off-campus housing assistance, admissions, enrollment, financial aid, Cougar Cards, community engagement opportunities, and accommodations for people with disabilities.

TRI-CITIES CAMPUS
Sandra D. Haynes, Chancellor
WSU Tri-Cities
2710 Crimson Way
Richland, WA 99354-1671
509-372-7000
https://www.tricities.wsu.edu

WSU Tri-Cities is a vibrant campus community that sits on more than 200 acres alongside the Columbia River. Boasting one of three Wine Science Centers in the nation and a nationally-acclaimed Bioproducts, Science, and Engineering Laboratory, WSU Tri-Cities is a hub for innovation and collaboration.

WSU Tri-Cities students receive an affordable, world-class education within a supportive atmosphere. The student experience is characterized by personalized instruction, a close-knit campus community and diversity merged to provide an unparalleled college experience.

The University is driven by an ultimate goal of engaging students in hands-on learning through internships, co-ops and project-based courses. WSU Tri-Cities students are well prepared to enter the workforce job-ready and contribute to the economic vitality of the community and state.

Degrees and Certificates Offered at WSU Tri-Cities
Choose among a variety of courses and fields of study leading to 20 bachelors’, and eight master’s degrees. Doctoral programs are officially offered through the Pullman campus; however, faculty at WSU Tri-Cities participate in the graduate program, offer classes and supervise graduate student research. See a complete list on the WSU Tri-Cities website.

Faculty and Research

The strength of an institution lies in the quality of the faculty and academic programs. At WSU Tri-Cities, students are invited to engage in rigorous and relevant coursework and experiential learning. The focus is on hands-on, relevant, and team-based problem solving.

Here students will work closely with a world-class group of faculty who will know them personally and are committed to their success from the day they enter the classroom to when their names are called at graduation.

Campus Life

The campus is set along the scenic Columbia River in Richland, Washington. The arid desert region is known for its sunny, dry weather. The hot summers and brisk winters allow for outdoor adventures year round, from water recreation to biking along the 22-mile Sacagawea Heritage Trail that runs along the campus.

Community Partnerships

At Washington State University Tri-Cities, students conduct research and complete projects while working with and learning from nationally and world-renowned professors who have ties to a variety of world-class organizations in the local Tri-Cities community. WSU Tri-Cities partners with the same organizations, some of which include Pacific Northwest Laboratory, Hanford Site contractors, ConAgra Foods and Energy Northwest, to provide students with opportunities for internships, co-ops and other extracurricular learning opportunities. These opportunities provide students with the relevant skills they need to supplement their education, as well as ensure they are career-ready by graduation.
Washington State University Vancouver is the only four-year research university in Southwest Washington. It offers a small-college atmosphere for a public-university price. With more than 3,500 students, WSU Vancouver is the second largest campus in the WSU system.

Degrees and Certificates Offered at WSU Vancouver
Choose among a variety of courses and fields of study leading to bachelor's, master's, and doctorate degrees. Some graduate programs are officially offered through the Pullman campus although students may complete all or some of their degree requirements on the Vancouver campus. See a complete list on the WSU Vancouver website vancouver.wsu.edu/programs.

Faculty and Research
More than 200 PhD faculty at WSU Vancouver provide quality instruction and expertise in such diverse topics as augmented reality, brain health, sustainable water, sensor networks and micro- and nano-devices. The 14:1 student-faculty ratio allows for rich interaction and individual attention.

Campus and Student Life
WSU Vancouver is an inclusive, innovative, non-residential research university dedicated to offering premier undergraduate and graduate educational and research experiences. The campus is located in dynamic and increasingly diverse southwest Washington State, just across the Columbia River from Portland, Oregon. Both Portland and Vancouver offer extraordinary and accessible cultural and recreational opportunities in theater, dance, visual arts, and community activities. WSU Vancouver's strategic plan includes a commitment to equity; one of the University's goals is to increase the success of under-represented students, particularly Latinx, Black, Native American, and Pacific Islander students.

Located on 351 scenic acres, the WSU Vancouver campus features not only state-of-the-art buildings and student gathering places, but also a system of biking and walking trails with scenic views of Mount Hood and Mount St. Helens.

An active student government and more than 50 student clubs make it easy for students to connect with each other. There are literally hundreds of events and activities for students to choose from each year. Campus centers—Access, Career Services, Student Diversity, Student Wellness, and Veterans—provide support networks for students.

Community Partnerships
WSU Vancouver is committed to engaging with its community. Community activities include:
The Business Growth Mentor & Analysis Program: Part of the Carson College of Business, Business Growth MAP provides pro-bono, student-conducted analysis and consulting services to small businesses. Students gain experience while helping businesses grow and prosper. The program contributes
to the economic development of Southwest Washington and the Portland metropolitan area.

Center for Intercultural Learning and Affirmation: Commonly referred to as CILA on campus, the center strives to cultivate an inclusive community where historically underserved students are affirmed and have sense of belonging at WSU Vancouver. Students and community members engaged in CILA programs and initiatives develop strong, culturally responsive skill-sets required to build the capacity for intercultural learning and affirmation.

Technology and civic engagement: WSU Vancouver’s Creative Media and Digital Culture Program exemplifies the collaborative and inventive efforts of students, technology, and local businesses. Each semester Senior Seminar students partner on projects that range from developing websites and apps to creating virtual tours and interactive experiences for business and nonprofit organizations in Southwest Washington and the Portland metropolitan area.

VanCoug American Democracy Project: As part of a nationwide initiative, participants learn about how to use policy to promote change, create an individual voice for themselves and increase their civic awareness. The project promotes participation in the democratic process, deliberative dialogue, civil discourse, and civic engagement. Events range from a focus in general democratic knowledge and skill building to addressing specific social challenges like sex trafficking and gender equality in the workplace.

YAKIMA

NURSING
Lisa Vickers, MN, ARNP-BC, Campus Director
Watson Hall, 200 University Parkway, Yakima, WA 98901
509-494-7900
https://nursing.wsu.edu/college-of-nursing-yakima/

The College of Nursing in Yakima is located in Watson Hall on the Pacific Northwest University-Health Sciences campus. In keeping with its mission to offer excellent academic programs with educational institutions and community stakeholders, the College of Nursing Yakima site admits students to the Bachelor of Science in Nursing (BSN), RN-BSN, and Master of Nursing programs. Additionally, students have opportunities to pursue advanced degrees such as Doctor of Nursing Practice and PhD in Nursing in conjunction with other WSU College of Nursing campuses. Students who attend classes and complete clinically-based learning experiences in Yakima have unique opportunities to participate in the transformation of health care. This transformation includes evaluation of our health-care models and initiatives to improve community and rural health. The Yakima Campus College of Nursing has been actively engaged with a number of other health institutions and disciplines to develop and enhance collaborative learning opportunities through expansion of Interprofessional Education (IPE).

PHARMACY
Angela Stewart, PharmD, BCPS, Associate Dean
3110 Inspiration Drive, Yakima, WA 98901
509-249-7923
https://pharmacy.wsu.edu/doctor-of-pharmacy/how-to-apply/

The WSU Doctor of Pharmacy program in Yakima offers students the unique experience of being educated on the Pacific Northwest University (PNWU) campus along with the medical students in the PNWU Doctor of Osteopathic Medicine program and nursing students from the WSU College of Nursing.

The collaboration with PNWU follows the College’s vision to be a leader in advancing, promoting and protecting human health and its mission to develop outstanding healthcare professionals. The Yakima extension offers our Doctor of Pharmacy students the opportunity to learn in an interprofessional environment that focuses on developing tomorrow’s leaders in innovative and accessible community-centered care. The WSU College of Pharmacy and Pharmaceutical Sciences extension in Yakima is an ideal learning environment for students interested in working with rural and underserved populations. Small class sizes at WSU’s Yakima extension gives students a personalized learning environment so that instructors can tailor to every student’s needs.
